EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with James Oehlenschlager on March 13, 2006.

The application has been amended as follows:

3. (Currently Amended) The tampon according to Claim 1 wherein said a plurality of vertexes are spirally shaped.
4. (Currently Amended) The tampon according to Claim 1 wherein said distal vertexes are evenly spaced.

The following is an examiner's statement of reasons for allowance: the overall claimed combination of a tampon comprising a plurality of recessed portions wherein each of the recessed portions comprises first and second side walls that intersect one another to form a vertex and comprise an angle therebetween wherein the angle varies as measured along at least a portion of the length dimension has neither been anticipated nor rendered obvious by the prior art of record.

The closest prior art of record Schoelling (US 2002/0151859) discloses a tampon having a plurality of recessed portions, however, the angle defined by the first and second side wall of each recessed portion does not vary along any portion of the length dimension.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Michele Kidwell whose telephone number is 571-272-4935. The examiner can normally be reached on Monday thru Friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Tatyana Zalukaeva can be reached on 571-272-1115. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
